Dear Supervisors:

**ANNUAL GARBAGE COLLECTION AND
DISPOSAL SERVICE FEE REPORT
MALIBU GARBAGE DISPOSAL DISTRICT
SUPERVISORIAL DISTRICT 3
4 VOTES AT HEARING**

IT IS RECOMMENDED THAT YOUR BOARD AFTER THE PUBLIC HEARING:

1. Find that the adoption of the Annual Garbage Collection and Disposal Service Fee Report, Fiscal Year 2008-09, for the Malibu Garbage Disposal District and proposed Ordinance is for the purpose of meeting operating expenses and, therefore, is exempt from the California Environmental Quality Act.
2. Approve the report and introduce, waive reading, and adopt by a two-thirds vote the proposed Ordinance amending Chapter 20.90 of the Los Angeles County Code to increase the Annual Garbage Collection and Disposal Service Fee for the Malibu Garbage Disposal District from \$120 to \$180 per refuse unit per year beginning Fiscal Year 2008-09 and provide for such fee to be collected on the tax roll, if there is no majority protest. If there is a majority protest, refer the matter back to the Department of Public Works.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

In September 1980 your Board adopted several Ordinances establishing service fees to supplement property taxes to provide for refuse collection and disposal services in various Garbage Disposal Districts (GDD) in the County of Los Angeles, including the Malibu GDD.

Currently, each parcel of real property within the Malibu GDD is assessed an annual service fee based on the number of refuse units. The number of refuse units assigned to each parcel of real property is based on the current property use classification derived from the County Assessor's tax roll. A parcel containing a single-family residential unit is assigned one refuse unit. Based on this formula, each single-family residence is currently charged \$120 per year in the Malibu GDD. Multifamily residential and certain commercial and industrial parcels are assessed higher amounts based on their current property use classification. The number of refuse units per parcel varies from one-half unit for a vacant parcel to 18 units for a community shopping center.

The current annual service fee for the Malibu GDD has been in effect since July 1991. The Malibu GDD has used a combination of service fee revenues, property taxes, and reserves to fund operations. The estimated revenues from the service fee at the current rate, together with projected property tax revenues, will not be sufficient to finance the Malibu GDD's new seven-year contract commencing on July 1, 2008, for refuse, recyclable materials, and green waste collection services. Factors such as increases in operating costs within the refuse collection industry, landfill disposal fees, and fuel costs, necessitate an increase in the service fee in order to continue to meet the Malibu GDD's operational costs.

Based on these factors, it is recommended that the annual service fee be increased from the current rate of \$120 to \$180 per refuse unit per year (from \$10 to \$15 per month) to meet operating costs beginning in Fiscal Year 2008-09. Even with the increase the fee is still lower than those charged in neighboring cities for similar services. The new rate of \$180 per refuse unit per year is anticipated to provide sufficient funding to cover the Malibu GDD's operational costs from Fiscal Year 2008-09 through Fiscal Year 2010-11. To adequately finance the District's operations for the remainder of the seven-year contract period, from Fiscal Year 2011-12 through Fiscal Year 2014-15, we anticipate that another service fee increase may be necessary in Fiscal Year 2011-12.

For the purpose of protecting the health and safety of residents in the Malibu GDD and the general public, it is essential to continue providing uninterrupted refuse collection and disposal service in the Malibu GDD in a cost-effective manner. The collection of the service fee on the tax roll remains the most cost-effective mechanism for the billing and accounting of these fees.

Implementation of Strategic Plan Goals

This Countywide Strategic Plan directs that we provide Service Excellence (Goal 1), Fiscal Responsibility (Goal 4), and Community Services (Goal 6) by providing County residents with responsive, high-quality waste collection, recycling and disposal services, and the funding necessary to administer the Malibu GDD.

FISCAL IMPACT/FINANCING

We anticipate that based on 2,998.5 service units on record, the annual service fee increase of \$60 per service unit will generate additional annual revenue of approximately \$180,000 for the Malibu GDD that would allow us to meet operating expenses for Fiscal Year 2008-09 through Fiscal Year 2010-11.

The recommended service fee increase was not included in the Fiscal Year 2008-09 proposed budget. Upon your Board's approval, the total anticipated service fee for the District will increase from \$359,000 to \$539,000 annually, which will be reflected on the District's Fiscal Year 2008-09 final proposed budget.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

A new or increased fee for refuse collection services may be imposed by an ordinance approved by a two-thirds vote of your Board. In addition, an ordinance or resolution approved by a two-thirds vote is required to have the approved fee collected on the tax roll (Sections 5471 and 5473 of the California Health and Safety Code). The proposed Ordinance (Attachment 2) has been reviewed and approved as to form by County Counsel.

Article XIID, Section 6, of the California Constitution requires that a written notice be provided by U.S. mail to the record owner of all identified parcels of property within the Malibu GDD of the amount of the proposed annual garbage collection and disposal service fee imposed upon each parcel; the basis upon which the amount of the service fee was calculated; the reason for the service fee; and the date, time, and location of a public hearing on the proposed service fee. The public hearing is to be conducted not less than 45 days from the date of the notification. Notices were mailed by

April 9, 2008, notifying Malibu GDD property owners of the rate increase and the protest hearing scheduled during your Board's public hearing on May 27, 2008. The imposition of a service fee for refuse collection services is exempt from voter approval.

Pursuant to Section 5473 of the California Health and Safety Code, a report entitled Annual Garbage Collection and Disposal Service Fee Report, Fiscal Year 2008-09, for the Malibu GDD (Attachment 1) has been prepared and filed with the Executive Officer. The report contains a description of each parcel receiving refuse collection service and the amount of the fee for each parcel for the year, computed in conformity with the fee prescribed by the proposed Ordinance. Section 5473.1 of the California Health and Safety Code requires that notice of the filing of this report and of a time and place of hearing thereon (Attachment 3) be published once a week for two successive weeks in a newspaper of general circulation pursuant to Section 6066 of the Government Code and mailed to the owners of all parcels described in the report. Notice was accomplished in conformity with Attachment 3.

Your Board will hear and consider all protests to the report or the proposed service fee. If the Board finds that protests to the report are made by the owners of a majority of parcels described in the report, the report shall not be adopted and the fee, if approved, shall be collected separately from the tax roll. If protests against the fee are presented by a majority of owners of the identified parcels, the fee shall not be imposed.

ENVIRONMENTAL DOCUMENTATION

Adoption of the attached report and the proposed Ordinance to increase the garbage collection and disposal service fee for the Malibu GDD and to provide for the collection of the fee on the tax roll is for the purpose of meeting operating expenses and, therefore, is exempt from the California Environmental Quality Act pursuant to Section 21080(b)8 of the Public Resources Code.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

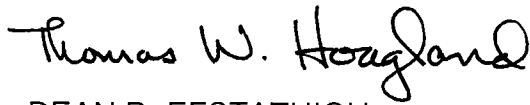

The collection of the service fee on the tax roll will allow the Malibu GDD to continue solid waste collection and management services to the residential, commercial, and industrial customers within the Malibu GDD.

INTRODUCTION

The California Health and Safety Code, Section 5470, et seq., requires that if existing garbage collection and disposal service fees are to be continued and collected on the tax roll, a report shall be prepared each year and filed with the Executive Officer of the Board of Supervisors. The report shall contain a description of each parcel receiving such services and the amount of the fee for each parcel for the year. The Executive Officer shall file a copy of the report with the Auditor-Controller on or before August 10 of each year, with a statement that the report has been finally adopted by the Board of Supervisors, and the Auditor-Controller shall enter the amounts of the fees against the respective parcels of land as they appear on the current assessment roll. This report has been prepared to fulfill these requirements.

DISTRICT-SPECIFIC INFORMATION

The Malibu Garbage Disposal District (GDD) provides refuse, recyclable material, and green waste collection services to approximately 2,500 parcels with an estimated population of 5,000 residents. The Malibu GDD encompasses portions of the City of Malibu and County unincorporated territory as shown in Exhibit A.

It is essential that operation of the refuse collection and disposal services within the Malibu GDD be continued without interruption to protect the health and safety of the Malibu GDD's residents, businesses, and the general public. The necessary funds must be available to pay the cost of refuse, recyclable material, green waste collection services, and administration of the Malibu GDD's contract.

ANNUAL GARBAGE COLLECTION AND DISPOSAL SERVICE FEE

In September 1980 the County of Los Angeles Board of Supervisors adopted an Ordinance establishing a service fee to supplement property taxes for refuse, recyclable material, and green waste collection and disposal services in the Malibu GDD. The collection of the service fee on the tax roll is the most cost-effective mechanism for the billing and accounting of the fee.

The existing service fee for the Malibu GDD is established in the Los Angeles County Code, Chapter 20.90, Part 9 (Exhibit B). The annual service fee levied upon each parcel of real property within the Malibu GDD is computed by multiplying the refuse unit fee by the number of refuse units assigned to the property use classification of the parcel, as shown in Table 1 of Section 20.90.450 of the County Code. The number of refuse units per parcel varies from one-half unit for a vacant parcel to 18 units for a

community shopping center. A parcel containing a single-family residential unit has been assigned one refuse unit.

The current annual service fee for the Malibu GDD has been in effect since July 1991. The Malibu GDD has used a combination of service fee revenues, property taxes, and reserves to fund its operations. The estimated revenues from the service fee at the current rate, together with projected property tax revenues, will not be sufficient to finance the Malibu GDD's new seven-year contract commencing on July 1, 2008, for refuse, recyclable materials, and green waste collection services. Factors such as increases in operating costs within the refuse collection industry, landfill disposal fees, and fuel costs, necessitate an increase in the service fee in order to continue to meet the Malibu GDD's operational costs.

The refuse unit fee for the Malibu GDD as indicated in Section 20.90.430 of the County Code is being increased from \$120 per unit to \$180 per unit, effective Fiscal Year 2008-09. Accordingly, all single-family residences within the Malibu GDD will be assessed a total of \$180 annually for refuse, recyclable material, and green waste collection services (Exhibit D). Multifamily residential and certain commercial and industrial properties are charged a higher amount based on their property use classification.

The new rate of \$180 per refuse unit per year will provide sufficient funding for the Malibu GDD's operational costs beginning Fiscal Year 2008-09.

IDENTIFICATION OF PARCELS TO BE CHARGED

Exhibit C lists the Tax Rate Areas for the Malibu GDD for Fiscal Year 2008-09. The parcels of real property within the Tax Rate Areas are further described in maps on file in the office of the County Assessor. These parcels of real property will be charged the appropriate service fee, computed as described above.

A map showing the boundaries of the Malibu GDD is included in Exhibit A.

20.90.400 Title for citation.

The ordinance codified in Part 9 of Chapter 20.90 shall be known as the “garbage collection and disposal service fee ordinance” of the Malibu Garbage Disposal District and may be cited as such. (Ord. 12221 Art. 1 Section 101, 1980.)

20.90.410 Purpose of provisions--Basis for service fee.

The District is responsible for providing garbage collection and disposal within its boundaries. The amount of money from ad valorem taxes available to the District is inadequate to fund the cost of service. The District’s collection and disposal service must be continued without interruption in order to protect the public health and safety of the residents therein and the general public. It is, therefore, necessary to impose a garbage collection and disposal service fee upon the properties within the District. The voters of the District have approved imposition of the fee. In order to avoid the substantial costs of establishing a billing system for the collection of fees, the board of supervisors finds that the fees should be collected on the tax roll. Due to the legal deadlines for such tax collection, it is necessary for the ordinance codified in this part to be effective by September 25, 1980. Since the District’s services are required for the collection and disposal of garbage, the board of supervisors finds that the most equitable basis upon which to base the service fee will be according to the current property use classification derived from the assessor’s tax rolls. (Ord. 12221 Art. 1 Section 102, 1980.)

20.90.420 Definitions.

A. “District” means the Malibu Garbage Disposal District. B. “Board” means the board of supervisors of the county of Los Angeles. C. “Parcel of real property” means a parcel of real property as shown on the local secured tax rolls of the county of Los Angeles. (Ord. 12221 Art. 2 Section 201, 202, 203, 1980.)

20.90.430 Service fees.

A. An annual garbage collection and disposal service fee is levied upon parcels of real property in the District for the services provided by the District. B. The amount of the fee for each parcel shall be computed by multiplying the number of refuse units assigned to the property use classification of the parcel as shown in Table 1, codified in Section 20.90.450. The refuse unit fee is \$120.00 per unit. C. This fee shall be in addition to any ad valorem taxes levied on such property. The current property use classification and the refuse units assigned to each property use are as set forth in Table 1. (Ord. 91-0106 Section 1, 1991; Ord. 90-0092 Section 3, 1990; Ord. 89-0081 Section 3, 1989; Ord. 85-0117U Section 4, 1985; Ord. 84-0103 Section 11, 1984; Ord. 83-0148U Section 9, 1983; Ord. 82-0181 Section 9, 1982; Ord. 12401 Section 1, 1981; Ord. 12221 Art. 3 Section 301, 1980.)

20.90.440 Collection of charges.

The garbage collection and disposal service fee shall be collected for each fiscal year on the tax roll at the same time and in the same manner as the general taxes of the county of Los Angeles. (Ord. 84-0103 Section 12, 1984; Ord. 83-0148U Section 10, 1983; Ord. 82-0181 Section 10, 1982; Ord. 12401 Section 2 (part), 1981; Ord. 12221 Art. 4 Section 401, 1980.)

ORDINANCE NO. _____

An ordinance amending Title 20 - Utilities of the Los Angeles County Code to increase the annual garbage collection and disposal service fee for the Malibu Garbage Disposal District.

The Board of Supervisors of the County of Los Angeles ordains as follows:

SECTION 1. Section 20.90.430 is hereby amended to read as follows:

20.90.430 Service fees.

A. An Annual garbage collection and disposal service fee is levied upon parcels of real property in the District for the services provided by the District.

B. The amount of the fee for each parcel shall be computed by multiplying the number of refuse units assigned to the property use classification of the parcel as shown in Table 1, codified in Section 20.90.450. The refuse unit fee is \$~~120~~180.00 per unit-, beginning with 2008-09 fiscal year.

C. This fee shall be in addition to any ad valorem taxes levied on such property. The current property use classification and the refuse units assigned to each property use are as set forth in Table 1.

**NOTICE OF HEARING
ANNUAL GARBAGE COLLECTION AND DISPOSAL SERVICE FEE REPORT
FISCAL YEAR 2008-09
MALIBU GARBAGE DISPOSAL DISTRICT**

Notice is hereby given that a report prepared by the Director of Public Works has been filed with the Executive Officer of the County of Los Angeles concerning the annual garbage collection and disposal service fee for refuse, recyclable material, and green waste collection services to properties within the Malibu Garbage Disposal District (GDD). The report contains a description of each parcel receiving these collection services and the amount of the service fee for each parcel, which is proposed to be increased beginning with Fiscal Year 2008-09. The service fee is collected on the tax roll.

Currently, each parcel of real property within the Malibu GDD is assessed an annual service fee based on the number of refuse units assigned to that parcel. The number of refuse units is a function of the property use classification of the parcel and varies from one-half of one unit for a vacant lot and one unit for a single-family residence to 18 units for a community shopping center. Based on this formula, the current annual service fee for a parcel containing a single-family residence is \$120 for the Malibu GDD. Multi-residential units and certain commercial and industrial parcels are assessed higher amounts based on their property use classification.

The annual service fee is proposed to be increased to \$180 per refuse unit for the Malibu GDD, beginning Fiscal Year 2008-09, and would continue to be collected on the tax roll.

Tuesday, May 27, 2008, at 1 p.m., in Room 381 of the Kenneth Hahn Hall of Administration, 500 West Temple Street, Los Angeles, California 90012, is the time and place which has been fixed by the Board of Supervisors to consider all objections or protests to the report. Any person wishing to be heard on this matter may appear before the Board of Supervisors and show cause why the report should not be adopted.

**AVISO DE AUDIENCIA PÚBLICA
REFERENTE AL REPORTE ANUAL SOBRE LA CUOTA DE SERVICIO DE
RECOLECCIÓN DE BASURA PARA EL AÑO FISCAL 2008-09
DISTRITO DE BASURA DE MALIBU**

Por medio de este aviso se anuncia que un Reporte preparado por el Director de Obras Públicas se ha registrado con el Escribano de la Junta de Supervisores del Condado de Los Angeles tocante la Cuota Anual de Servicio de Recolección de Basura y programas de reciclaje y desechos verdes a propiedades dentro del Distrito de Basura de Malibu. El Reporte contiene una descripción de cada lote que recibe estos servicios de recolección y la cantidad de la cuota de servicio por cada lote, en la cual se propone un aumento comenzando el Año Fiscal de 2008-09. La cuota de servicio se colecta con los impuestos de propiedad.

Actualmente, cada lote de bienes y raíces dentro del Distrito es sujeto a una cuota anual de servicio la cual es basada en el número de unidades de desechos asignadas a ese lote. El número de unidades de desechos es una de las funciones del código de propiedad y varía de la mitad (1/2) de una unidad para un lote vacío y una (1) unidad para una residencia familiar, hasta 18 unidades por un centro comercial comunitario. Basado en esta formula, la cuota anual de servicio actual por unidad de desechos es \$120 para residencias familiares, en el distrito de Malibu. Residencias multifamiliares y ciertos lotes comerciales e industriales son sujetos a cuotas más altas de acuerdo a la clasificación del uso de la propiedad.

Se propone un aumento a la cuota de servicio anual a \$180 por unidad de desechos en el Distrito de Basura de Malibu, comenzando el Año Fiscal 2008-09 y proveería la recaudación de la cuota de servicio anual a través de los impuestos de propiedad.

Martes, 27 de Mayo 2008, a las 1 p.m., en el Cuarto 381 del Kenneth Hahn Hall of Administration, 500 West Temple Street, Los Angeles, California 90012, es el tiempo y lugar fijado donde se considerará todas las objeciones y propuestas sobre el Reporte. Cualquier persona que desea tener audiencia tocante a este asunto puede estar presente ante la Junta de Supervisores y mostrar causa porqué la propuesta no debe ser adoptada.
